

GANAJI CONTRACTING

CAPABILITY STATEMENT

GANAJI
CONTRACTING PTY LTD

ABOUT US

Murujuga Commercial and Matera Electrical have forged a powerful alliance, uniting their expertise to establish an exceptional joint venture business specialising in electrical services. Together, we have harnessed our collective strengths to deliver an unparalleled range of capabilities in Electrical and Instrumentation, HVAC Installations, and Maintenance services.

In bringing together our shared corporate values, expertise and processes, Ganaji Contracting's combined capability provides Western Australia's resources and energy industries with a one-stop solution to support both large and small scale projects.

Murujuga Commercial Limited (MCL) is a subsidiary of Murujuga Aboriginal Corporation (MAC) which works to investigate, pursue and operate commercial ventures for the purposes of providing benefits to the Murujuga community.

Matera Electrical is an Indigenous owned and operated electrical contracting company servicing the oil and gas, commercial construction, heavy industrial, and resource sectors across Western Australia.

SERVICE CAPABILITY

Ganaji Contracting have a capability of the following services:

- Electrical and instrumentation
- High voltage
- HVAC
- Maintenance services
- Shutdowns
- Communications

OUR VISION AND MISSION

Ganaji Contracting aims to maximise economic, social and environmental returns which will ensure social and economic independence for current and future generations of Murujuga people.

Our Vision is to be a commercial business founded on enduring Aboriginal culture and heritage, maximising value by transforming the lives of Ganaji Contracting's stakeholders for today and the future.

This is in turn supported by our Mission of enabling economic self-determination for the Murujuga community through innovative and competitive commercial activities.

OUR BUSINESS PRINCIPLES

At the heart of our operations, we hold deep regard for Aboriginal heritage, tradition, and culture. Our competitive edge stems from our strong connection to Aboriginal lands and culture. This connection enables us to form strategic alliances that support our business goals.

Our decision-making process is guided by sustainability principles, aiming to generate maximum economic, social, and environmental benefits for our stakeholders.

As a responsible company operating in the resources and energy industries, we are committed to minimising our environmental impact. We integrate sustainable practices, promote energy efficiency, and prioritise environmentally-friendly solutions in all our operations.

Ganaji Contracting is committed to delivering quality outcomes in the most efficient, cost effective and timely way possible.

VALUE PROPOSITION

Safety

We uphold the highest safety standards, implementing rigorous protocols and training to mitigate risks and protect both our team members and the overall operational environment.

Leadership

With a strong focus on leadership and culture, we foster an environment that empowers our teams to excel, driving innovation and delivering exceptional results.

Integrity

Integrity is the cornerstone of our operations, as we uphold the highest ethical standards, maintaining transparent and trustworthy relationships with our stakeholders.

Quality

We are committed to delivering high-quality services in electrical, HVAC installations, and maintenance. We prioritise attention to detail, precision, and adherence to industry practices.

WHY GANAJI?

Empowering Indigenous Workforce

We are dedicated to providing meaningful employment opportunities and professional development for Indigenous individuals. Ganaji actively promotes and supports the growth and advancement of Indigenous employees within our organisation and the wider industry.

Proven Track Record

With over 30 years of experience in energy and industrial services, we have consistently risen to the challenge and nurtured personnel into high performing, safety focused teams.

Commercially Driven

We can be trusted to provide a financially stable, technically capable, and dependable execution model that is committed to a long term business relationship with our clients.
